DISPERSION OF THE FAIRMEAD REGISTERED HERDS

Charles Prescott and daughter Charlotte. Long a leader in Shorthorn affairs, he was the President of the American Shorthorn Breeders' Association in 1943.

The Fairmead herd today is the amalgamation of two fine herds, both founded over forty years ago, representing lifetime of effort on the part of three of the breed's finest cattlemen.

Fairmead was founded in 1913 by Charles Prescott, a St. Louis businessman with a love of the soil and a trained eye for good livestock. He believed in raising the best and putting his own effort into the business. For many years he served as a Director of the American Shorthorn Breeders' Association, and as President of the Association in 1943. He was responsible for bringing many outstanding Shorthorns to Pike County, and the Pike County Shorthorn Association ... the strongest county organization in the nation today ... received the benefit of his energy and sound thinking.

Upon his death in 1944, Mrs. Prescott chose to carry on the herd. She formed a partnership with Earl Bradbury and Hubert Walker, which has continued in a harmonious fashion these fourteen years. Mrs. Prescott now feels the time has come when she must dispose of her farming interests and that is the reason for this dispersal.

The Bradbury herd was established in 1918. The same kind of careful breeding program existed in that herd down through the years. When the two herds were combined in 1944, the bottom end of each was sold. The new herd carried on under the name of Fairmead continued to improve through the successive use of great sires. Before his death, Mr. Prescott purchased the famous imported sire, Lawton Favorite, in partnership with

MONDAY, MARCH 31, 1958 - BOWLING GREEN, MISSOURI

Strowold Farms. His son Fairmead Favorite followed along with the imported Millhills Crusader and Marmac Gallant Robbin. Edellyn Glastullich and Baron Prentice were used slightly earlier.

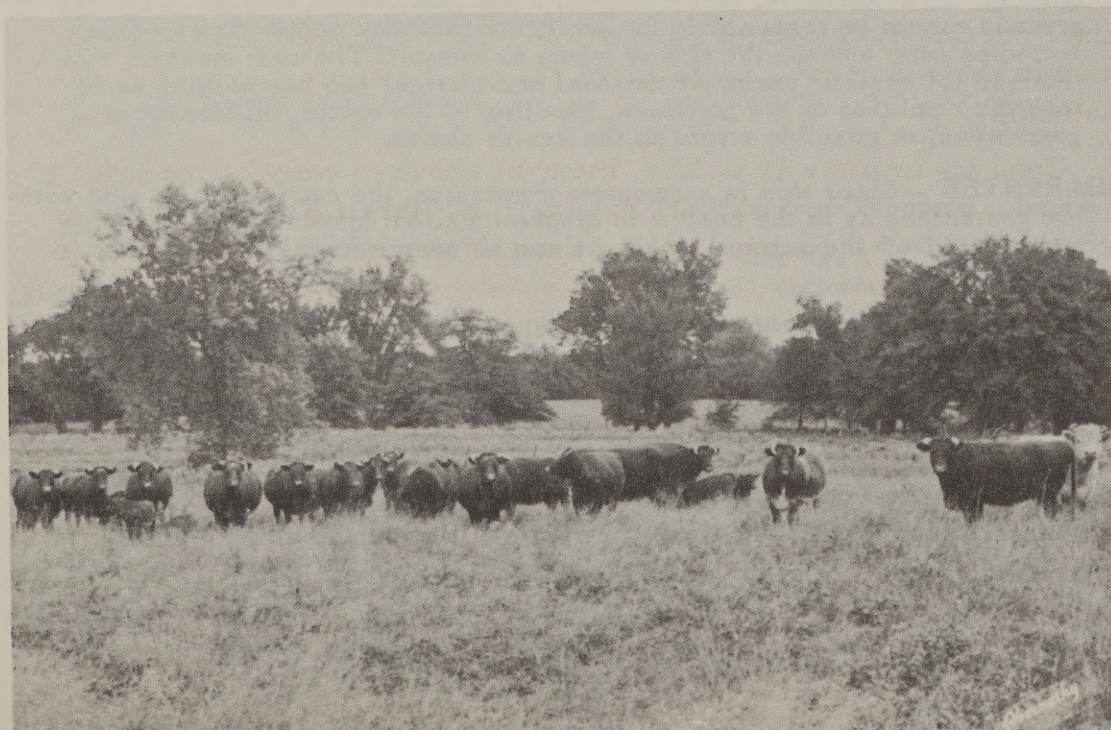

In 1948 Fairmead purchased the imported sire, Orchard Leader. A highly successful six-year breeding career was ended with this bull's death in 1954, but eleven direct daughters and many granddaughters are in the herd today. The present senior herd sire, W L Max Major 18th was purchased in 1952.

Possibly the best bull that has ever been on the farm is the present junior herd bull, E L Cargill. This imported-in-dam bull will open the eyes of everyone who attends this sale. He should head one of the finest herds of the breed.

You will be highly pleased when you see the cow herd. Modern in type with grand heads, yet they have not lost that important weight for age and strength so essential in beef cattle. It is a prolific cow herd. Eighteen of the cows produced two calves in less than twelve months time.

You will also notice from studying the pedigrees that practically the entire herd goes back to four or five particularly outstanding breeding females, such as Edellyn Eliza 22nd by Sultan Browndale; Edellyn Augusta 13th; and the famous Maxwalton Minas. Those who purchase in this dispersion will truly be buying not only cattle but a lifetime of constructive effort.

Recent pasture scene taken at Fairmead. The bull on the right is W L Max Major 18th. Note the depth, width, and good heads of these females.

DISPERSION OF THE FAIRMEAD REGISTERED HERDS

General Information

TIME – Monday, March 31, 1958. The Montadale sheep will be sold at 11:00 a.m. The Shorthorn sale will begin at 12:30 p.m.

LOCATION – The sale pavilion of the Bowling Green Auction Company, Bowling Green, Missouri. This pavilion is located just north of the junction of U.S. 61 and U. S. 54, and on Route 61. Phone at the pavilion is Bowling Green 60. The barn will be thoroughly cleaned and disinfected before the sale. It is heated.

SALE HEADQUARTERS – There are three excellent motels at the junction of U.S. 61 and U.S. 54 – the Princess, the Show-Me Court, and Meyers Tourist Court.

AUCTIONEER – C. D. Swaffar, Tulsa, Oklahoma.

SALE MANAGER – Don Longley, 16 So. Locust St., Aurora, Illinois.

TERMS – The terms of this sale are cash at time of purchase. Settlements to be made with the clerk immediately following the sale. All stock will be at buyer's risk as soon as bid off, but we will assist in loading and helping buyers obtain transportation. Arrangements can be made with sellers to take the cattle back to the farm for a short period to enable buyers to send for trucks if they so desire.

HEALTH – All cattle will be tested for T.B. and Bangs within 30 days of the date of the sale, with the exception of officially vaccinated heifers under the minimum age. Interstate health papers will be provided out-of-state buyers. Since states differ, all buyers must be aware of the regulations of their own state.

A certificate of registration and a signed transfer will be supplied each lot sold, properly transferred to the new buyer. Calfhood applications will be supplied for calves in dam or at foot under six months of age.

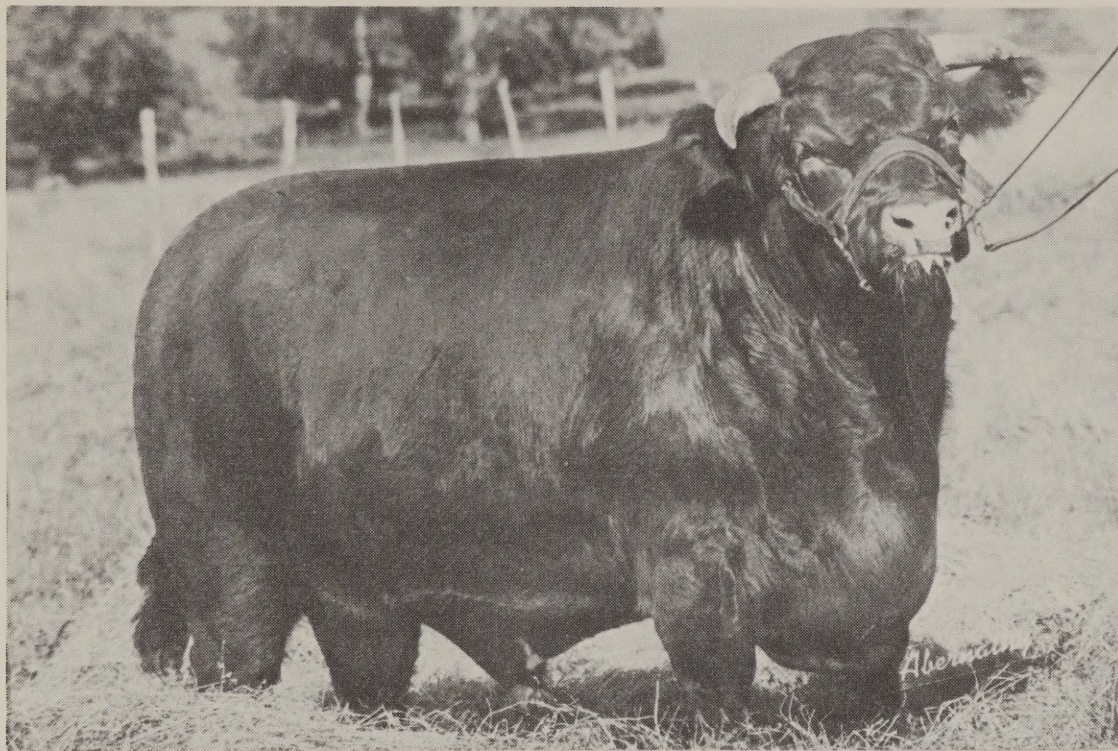

Where footnotes appear in the catalog they were furnished by the owners or written from information supplied by the owners. The terms shall constitute a contract between the buyer and seller of each lot.

While every effort will be made to protect the safety and comfort of those attending, the consignors, sale manager, clerk, auctioneer, owners of the fairgrounds cannot be responsible for accidents that may occur. Every person attending must assume the risk of injury to himself. The sale manager was retained for specific tasks promotional and clerical and has nothing to do with the condition of the premises, handling of the cattle, fulfillment of guarantees, or possible errors on the health charts.

GUARANTEE – Since this is a complete dispersion, the cattle will be sold without guarantees as is the custom in dispersions. All known defects will be announced from the auction block. As can be seen from the catalog, this is a prolific herd.

THE HARNESS CONSIGNMENT – Since this group are consignment cattle and not a dispersal, the Harness entries will be sold under the Standard Guarantee of the American Shorthorn Breeders' Association.

MAIL BIDS – Those wishing to buy at this sale who cannot be present may send their mail bids to Don Longley, The Shorthorn World, 16 So. Locust Street, Aurora, Ill.; to Ted Aegerter, field representative, American Shorthorn Breeders' Association, Seward, Nebraska; or to C. D. Swaffar, Tulsa, Oklahoma.

ORCHARD LEADER (reference sire) -- We purchased this imported bull from Les Mathers in 1948. He was used in the herd from that time until his death in 1954. This bull did a wonderful job, and we held on to his very best daughters, eleven of which are in the herd today. Many of the other females are out of his daughters. We are always able to count on good calves out of Orchard Leader daughters.

W L MAX MAJOR 18th -- This active, sure, six-year-old sire has been very successful and still has a good, long career for his new owner. His many sons and daughters in this sale will provide ample evidence of his ability. We purchased him from Billy Anderson, and he is out of one of their top cows. A bull of great strength, ruggedness and thickness with a good head. He passes this on to every calf. His calves are very good doers.

E L CARGILL - We saw this bull as a calf at Elmcrest Farm and tried to buy him at that time. Later that year he was put in the Metz Invitational sale, and although not in top bloom sold for \$900. If you could see him today, you would realize what a bargain purchase this was. He is probably the best bull that has ever been on Fairmead Farms. We sincerely believe that there isn't a herd in the land to which he wouldn't be a credit. His sire, one of the top bulls of the Cruggleton Dispersion, was used successfully in the Ranchory herd in Scotland and later sold for 4,000 guineas to South Africa. His dam was purchased by Elmcrest Farms in Scotland. He is a powerful bull with great bone and short legs on every corner. He is deep bodied with level underline and top line. He has great width, length and depth of quarter. Very strong in the heart and possesses a stock bull's head. His first calves are at the farm now.

GERALD DEE TERRA ROSE x -- A very attractive polled heifer. Has a good, dark roan bull calf by W L Max Major 18th dropped January 12.

MONDAY, MARCH 31, 1958 – BOWLING GREEN, MISSOURI

LEVELDALE REVERIE – Reserve Grand Champion, 1955 National Western Denver, as a summer calf. One of the top bulls of the 1955 Leveldale sale.

THE HARNESS CONSIGNMENT

We are pleased to include a consignment in this sale from our good friends and neighbors Charles Harness & Son. Their herd is one of the most respected in the Midwest, and like our own, is the result of many years of constructive breeding.

Charlie and Jim Harness hit the jackpot when they bought Camson Cock Robin 9th. We have all now seen enough sons and daughters of this bull to recognize that he is one of the day's most potent sires ... stamping every calf with his great head, short legs, depth, thickness, and substance. They are selling three sons and three daughters.

If their new herd bull, Leveldale Reverie isn't a great bull, then we have never seen one. If you have time it would be well for you to go out to their farm just to see him. We won't attempt to draw a word picture of him, but we are making the prediction that he is a sire that will go down in history. You can buy Harness cattle with confidence.

DISPERSION OF THE FAIRMEAD REGISTERED HERDS

CAMSON COCK ROBIN 9th. Three sons and three daughters of this excellent sire sell. He stood second in a class of 20 senior bull calves at the 1952 Canadian National Exhibition.

WAYMORE SECRET C -- A very good doing daughter of Camson Cock Robin 9th. Sons and daughters of the 9th have been outstanding animals wherever shown or sold.

AN OPPORTUNITY
TO PURCHASE FORTY YEARS OF
CONSTRUCTIVE BREEDING...
ONLY YEARS OF CAREFUL EFFORT,
RETAINING THE RIGHT FEMALES
FROM THE RIGHT FAMILIES
CAN PUT INTO THESE CATTLE WHAT YOU
WILL NOW BE ABLE TO TAKE OUT.

MONDAY, MARCH 31, 1958 – BOWLING GREEN, MISSOURI

FAIRMEAD FAVORITE – a son of Lawton Favorite, that was retained at Fairmead and did a great job. His dam was by Baron Prentice, another great bull used in the Fairmead herd.

Typical of the outstanding sires produced in the Fairmead herd was Fairmead Favorite. Six of his daughters are in the herd and sell in this dispersion. After we were finished using him, we sold him at six years of age for \$600.

Fairmead Favorite was a son of the great Lawton Favorite, brought to Missouri by Charles Prescott and Strowold Farms. This bull wrote Shorthorn history.

Although many great sires have been used at Fairmead, we believe sincerely that E L Cargill, our present junior herd bull is the best bull ever to walk into our pastures. Our greatest concern in this dispersion is that this bull find a home that will be worthy of him.

70 HEAD OF MONTADALES SELL - STARTING AT 11:00 A. M. SHORTHORN SALE STARTS AT 12:30 P. M.

At Fairmead we believe in good livestock. Sheep have fitted very well into our program. We are great believers in Montadales ... they have made money for us.

We will sell our flock of registered Montadales in the morning starting at 11:00 a.m. There is one herd ram, three young rams. There are 35 ewes, most of which will have lambs at side or be right up to lambing. There are 10 yearling ewes.

The rams will be sold individually. The ewes will be sold in pens of five and ten to suit buyers.

Fairmead has been a consistent consignor to the National Montadale Sheep sales. Our Montadales have sold into 27 states. This will be an excellent opportunity to found a top flock.

If you cannot be present and would like to buy some of our Montadales, you can send a bid to us, or to E. A. Mattingly, Executive-Secretary, Montadale Sheep Breeders' Association, 61 Angelica Street, St. Louis 7, Missouri.

YOU ARE ON THE RIGHT TRACK
WITH A FLOCK OF MONTADALE SHEEP
THE BEST SHEEP ON EARTH

A portion of the Montadale flock at Fairmead.

W L MAX MAJOR 18th
